## PROJECTS

**Perfectly plan event (P²E) - Minor Project**  
Dec 2023 - May 2024

The P²E project offers a comprehensive event management solution that allows users to customise their events according to budget constraints. Our goal is to develop a user-friendly event planning system that streamlines venue selection, vendor management, and activity planning while maintaining cost-effectiveness.

**Spotify Clone: Front End Development**  
Apr 2023

I designed and implemented the frontend interface of a Spotify clone application, demonstrating my expertise in HTML, CSS, and JavaScript.

**[Portfolio Website ↗](#)**  
Mar 2023

Developed a professional portfolio website showcasing my skills, projects, and achievements, enhancing the presentation of my resume. Fully responsive: Website is fully responsive and compatible with both mobile and web platforms
